MR. NOBLE'S REPORT

The Secretary of the Interior on His Department.

AFFAIRS OF PENSION OFFICE

There Were 138,216 Claims Added to the Rolls During the Past Year.

Sixteen Thousand Indians Have Airendy Become United States Citizens, and There Are More to Follow-The Official Population-Nicaragua Canal Declared to be in a Forward State.

Washington, Nov. 30.—The annual report of John W. Noble, Secretary of the Interior, has been made public. is a bulky volume of 171 pages, giving

abundance of detail.

The Secretary announces that the years of the present administration have been marked to a notable degree by the expansion of the public domain

for private settlement.

On the Pension question he says that there were on June 31, 1891, 676,160 pensioners borne upon the rolls, being 138,216 more than were carried on the rolls at the close of the last fiscal year. There were pending on July 1, 1891, 928, 473 claims, of which 559,637 were claims of revenue who were not on the

There were pending on July 1, 1891, 1928, 473 chaims, of which 559, 627 were claims of persons who were not on the pension rolls. The remaining 369,446 were claims for increases of pensions and duplicate claims under different isws. There are also in the files of the Pension Office 146,536 rejected claims.

There were 222,521 first payments of every description made during the last fiscal year, requiring \$35,552,374.31.

Over 16,000 Indians have aiready become citizens of the United States, and about 4,000 more by taking their allotments have signified their desire to become citizens. To these numbers should be added the 7,619 Indians in Oklahoma who have taken or agreed to take allotments. A total of 27,616 Indians naturalized, and total of acres acquired for sattlement of about 23,000,000 during the present administration alone.

Including the census the Secretary remarks that the announcement of the official population Nov. 26, 1839, as 62.

marks that the annuancement of the of-ficial population Nov. 26, 1890, as 62,-622, 250 has never been changed, and upon that annuancement the apportion-ment law was passed hearly two years somer than at previous censuses. The Maritime Canal of Nicaragua is recorted to be in a forward state. The

reported to be in a forward state. The railroad from the Atlantic port to the divide has been completed, equipped, and is now in operation for a distance of 11 miles, with good culverts and roadbed and track in first-class condition.

The jetty or breakwater, which is to protect the harbor entrance on the At-lantic coast from the effects of shifting sand, has been extended 1,000 feet or more into the ocean, and a second break-water against northerly storms has been

commenced.

About three thousand feet of actual excavation along the canal has been made and a channel formed from 150 to 230 feet wide and about 17 feet deep. Important work has been done on the Machuca Hapids and in the bed of the San Juan River at that point.

The Murder of Mrs. Leouard.

ATLANTIC HIGHLANDS, N. J., Nov. 39. —

John George Both, Who Imagines Dr. Hall Has Enined His Business, Attempts to Kill the Preacher as He Was Coming from Church-The Would-be Murderer Arrested-Story of His Hal-Incination.

New York, Nov. 30. - John George Roth, a crazy German of middle age, at-tempted to kill the Rev. John Hall, D. D., pastor of the Fifth Avenue Pres byterian Church, after the morning service yesterday. None of the shots took effect. The would be assassin was im-mediately arrested and lodged in jail.

Paris, Nov. 30.—The Archbishop of Alx performed mass yesterday at Four-vieres, near Lyons. An immense congregation attended. The Archbishop assured his hearers that the fine imposed upon him would not prevent him from speaking whenever he felt called upon to speak as a pastor of the Church. The prelate was heartily cheered on taking his departure, the sentiment of the crowd evidently being against the action of the government. Dr. Hall had just reached the steps of his house when Roth, who was close be-hind, fired the first shot. The Doctor Paris, Nov. 20.—The rumor that the Duke de Orleans' father had succeeded turned round, and then, seeing his danger, quickened his pace up the steps. He had just reached the landing when the man fired again. The Dector then hurriedly opened the door and entered the house. He was not a moment too soon, for, as the door closed, a third shot rang out and a builet entered the casement of the door.
